

Carefree Shine & Care

Hazards for humans and the environment

Contains 1,2-benzisothiazol-3(2H)-one (Benzisothiazolinone), 2-methyl-2H-isothiazol-3-one (Methylisothiazolinone), Rosin, fumarated, polymer with glycerol, ammonium salt, tetraamminezinc(2+) carbonate Hazard statements: H412 - Harmful to aquatic life with long lasting effects.

ELIH208 - May produce an allergi

Prevention and conduct
uses indicated in subsection 1.2 of the Safety Data Sheet. formation sheet for application and handling instructions. his section.
Iling the undiluted_product:
No special requirements under normal use conditions.
Users are advised to consider national Occupational Exposure Limits or other equivalent values, if available.
Safety glasses are not normally required. However, their use is recommended in those cases where splashes may occur when handling the product (EN 16321 / EN 166).
Rinse and dry hands after use. For prolonged contact protection for the skin may be necessary.
No special requirements under normal use conditions.
No special requirements under normal use conditions.
No special requirements under normal use conditions.
Emergency procedure
Emergency procedure Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant
Emergency procedure Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam. Dilute with plenty of water. Do not allow to enter drainage system, surface or ground water. Do not allo to enter the ground/soil. Inform responsible authorities in case undiluted product reaches drainage
Emergency procedure Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam. Dilute with plenty of water. Do not allow to enter drainage system, surface or ground water. Do not allo to enter the ground/soil. Inform responsible authorities in case undiluted product reaches drainage system, surface or ground water or the ground/soil.
