# OUR TECHNOLOGY

## UNI DRY Tri-blade Technology (Patented)

3 blades of air, strategically placed to not only dry your hands in under 12 seconds, but more importantly limit that amount of water on the floor. The Tri-Blade was designed for those who require a blade type next generation hand dryer with the same classic design and colour range from Spanish manufacturers Veltia.

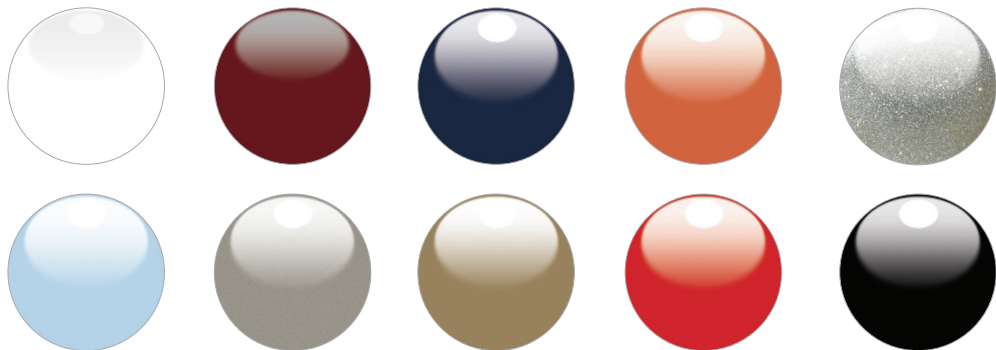

Microban antibacterial product protection is built into the dryer at the point of manufacture to provide continuous protection from microbes. Microban technology provides an added level of defence against the growth and transference of harmful bacteria.

## ZeroSmell Fragrance system

Active when the Veltia dryer is in use, ZeroSmell not only neutralises bad odours within the surrounding area, but leaves a slight and pleasant fragrance which increases the user's experience and perception.

### Technical Specifications and Colour Range

veltia V7 Tri-Blade

230V

120V

	230V	120V
Voltage	220/230/240v~ / 50Hz/60Hz	110/120V~ / 50Hz/60Hz
Power	1,760 W (8 A)	1,749 W (15.9 A)
Net Weight	9.55 kg (21.1Lb)	9.55 kg (21.1Lb)
Dimensions (H x W x L)	617 x 300 x 195mm / 11.81 x 7.67 x 24.29"	617 x 300 x 195mm / 11.81 x 7.67 x 24.29"
Noise Level	75dB	75dB
Cover Options	ABS Plastic Polymer	ABS Plastic Polymer
