

# CleanTec Hi-Lo... Professional Carpet Care

The CleanTec Hi-Lo 15 has been designed from the ground up to reflect the need for quick and effective carpet care with the minimum of preparation and effort.

Every feature of the design has been developed to give professional users a product that they can trust and that will give them the very best results. Easy to Fill - Easy to Empty - Easy to Use - Easy to Move, this is a machine that will be at home on a full range of applications, with high efficiency accessories to an equally professional standard.

Dump Hose Empty Option

Hi-Lo Pump Control

NHL15  
Kit BS27

The Hi-Lo dual pressure design, coupled with our TriJet extraction system, provides an exceptional performance standard, be it on carpets or upholstery.

# Cleantec - 'tank within a tank' four in one system...

CT370

CT470 Kit A40A

Fishtail Extraction

Switches

The original Numatic CleanTec design is as good today as it was a decade ago, providing a range of machines that have four primary functions:-

- (1) Vacuum cleaning:- Dry
- (2) Vacuum cleaning:- Wet
- (3) Spray extraction:- carpet cleaning
- (4) Spray extraction:- upholstery cleaning/car valeting

In this particular range the primary object is to provide the user with a choice of functions within a standard unit and is very popular as a multipurpose machine providing maximum versatility in a single product.

CT570 inner tank

### CT-370/470

Two machines with varying capacity to suit the owner/user providing a general purpose FOUR in ONE for smaller applications.

### CT-570/CTD-570

A pair of machines based on the heavy duty Structofoam construction, tank within a tank design, but providing a choice of Simplex one motor or

Duplex two motored models.

Be it carpet cleaning or car valeting, these machines are built to stand up to the rigours of extreme use, day in day out.
