Extraction Clean

Express
SOLUTIONS®

- Professional formula - Concentrated for economy**
- Restores - Brightens and revitalises carpets and upholstery**
- Fragrant - leaves a pleasant fragrance after use**
- Environmentally friendly - low foam and phosphate free**

USES

An extraction cleaner detergent designed to clean carpets and upholstery through spray extraction equipment. Ideal to clean and revitalise carpets, upholstery and all materials that are water tolerant.

ALWAYS TEST for colour-fastness before use: dip a white cloth in a solution of Extraction Clean and rub into a small unobtrusive area of carpet.

Should any colour come out of the carpet onto the cloth, do not use. Do not use on materials that must be dry cleaned.

DIRECTIONS

Thoroughly vacuum the carpet before application and spray heavily soiled areas with a solution of Elite Traffic Lane Cleaner. Apply using a professional spray extraction machine diluted at 1:80 for normal use.

Then for best results extract using Elite Fabric Rinse from the surface. Do not rub the carpet; use the spray extraction lance in a slow steady motion. Extract as much liquid as possible.

Allow the carpet/fabric to dry, preferably overnight.

Any furniture should be moved away from wet areas or placed on waterproof coasters to prevent the risk of staining from metal coasters, etc.

DILUTION

Extraction Clean : Water		
Normal use 1:80	Heavy duty 1:40	Pre-spotting 1:5
