

BIO PRODUCTIONS INSECTICIDE FOR THE CONTROL OF BED-BUGS

Triple action ready-to-use insecticide spray approved for use on mattresses.

Availability

5L & 750 ml Trigger Spray

INSECTICIDE is a professional ready for use water-based spray specifically designed to control bedbugs, fleas and other crawling and flying insects and approved for use on mattresses and soft furnishings.

AREAS

For use indoors on hard non-porous surfaces, cracks and crevices, hard and soft furnishings, including mattresses and carpets, in domestic situations* and public hygiene areas such as hospitals (not occupied wards), offices, industrial premises, museums, aircraft, ships, and military installations. Also, for use outdoors on ant and wasp nests. Not to be used on pet bedding, pet sleeping quarters or where pets frequently lie.

DIRECTIONS

SHAKE WELL before each use.

INSECTICIDE is normally non staining, but a test should always be made first. Cover or remove fish/reptile tanks and bird cages before application and do not apply directly to animals or their bedding.

Surface spray: Apply 20ml of product per m², slightly wetting the surfaces to be protected. Repeat treatment as and when required. Do not touch treated surfaces until dry.

Mattress treatment: Remove all bed linen and wash at 60 degrees C. Pay special attention to seams, buttonholes, bed frames, headboards and surrounding areas, paying special attention to cracks and crevices. Treat both sides of the mattress/ headboard thoroughly and leave to fully dry before use.

Precautions Avoid release to the environment. Collect spillage. Dispose of contents/container in accordance with national regulations. Very toxic to aquatic life with long lasting effects. Contains chrysanthemum cinerariaefolium extract. May produce an allergic reaction. See product label & MSDS for full information.

IMPORTANT NOTE

Insecticide is for professional use only.

*This can be used in domestic settings but must only be administered by professional operatives using correct PPE and equipment. Please refer to the MSDS section 8.2
