

Eco Logik

Washing Up Liquid

USES

A detergent concentrate with extra cleaning power that produces a long-lasting foam to combat greasy dishwashing problems. The advanced blend of cleaning agents and lemon oils ensures mildness and freshness in use, leaving glassware and crockery sparkling and grease free. Designed for cleaning glassware, cutlery, crockery, utensils and worktops, Washing up Liquidl is ideal for use on aluminium, glass, stainless steel, vinyl, plastic, ceramic, wood and enamel. Use in kitchens for hand washing applications.

DIRECTIONS

Directions and Dilutions

Dishwashing:

Dilute 1 part with between 750 to 1000 parts warm water in a washing-up bowl. Add items to be washed and allow a few minutes to soak. Clean items using a sponge, brush or pad.

General Cleaning:

Dilute 1 part with 300 parts cold or warm water.

pH in use
